

## MLinc Mortgage Solutions

Introduces its

# ComplyMSA

## Service Activity Data Repository ("SADR")

*Managing the execution of  
Marketing Services Agreements ("MSAs")  
with business partners*

- Assists mortgage companies and other settlement service providers in the management of strategic relationships with business partners from both a business and compliance standpoint
- Stores and organizes MSAs and other contracts, and associated data, with business partners:
  - Business partner information
  - MSA documents and exhibits
  - MSA valuation reports
  - Internal Pro Formas
  - Service and activity expectations
  - Business partner services reports
  - Marketing fee payments
  - Proof of service performed by month, through sample data, word documents, spreadsheets, printouts and photos
- Provides an online Service Completion Form to be filled out by business partners for triggering payment
- Generates reports that alert management when services have not been performed or sufficient proof has not been collected
- Secure, hosted, "cloud-based" solution
- Simple, easy access to SADR from PCs, netbooks and smartphones
- Browser-based interface with standard navigation tools for quick-start capabilities with minimal training
- Cost-effective, subscription-based pricing
